

NURSERY/GRADE SECOND TERM NEWSLETTER

23 March 2026

Asalam alaykum warahmatullahi wabaarakatuh

In the name of Allah, the Most Gracious, the Most Merciful.

Alhamdulillah, all praise belongs to Allah, the Giver of knowledge, strength, and success. As we gently close the pages of this beautiful second term, we sincerely thank Allah and deeply appreciate you, our dear parents, for your unwavering support, cooperation, and trust.

Truly, raising a child is something we do together. With your support and our guidance, we continue to nurture their minds, build strong character, and lay the foundation for a brighter tomorrow.

Academic Progress and Achievement

This term, our intellects showed commendable dedication to their learning. Step by step, they climbed the ladder of knowledge, proving that little drops of water truly make a mighty ocean.

To ensure that every intellect progresses and no one is left behind, we organized intervention classes for those who needed extra support. We also carefully tracked their growth through structured assessments, including the Welcome Test, Continuous Assessments, the Midterm Test, and the End-of-Term Examination.

Alhamdulillah, the overall performance was commendable. This reflects the hard work of our teachers, the commitment of our intellects, and your consistent support at home. Truly, hard work beats talent when talent refuses to work hard.

Our Grade Five intellects remained consistent with their early morning and Saturday preparatory classes for the National Common Entrance Examination. They also participated in monthly mock examinations, sharpening their skills and building confidence. As we always say, practice makes perfect, and we are confident their efforts will yield beautiful results, *In Shaa Allah*.

Sports and Competition

Learning does not live only in books; it also thrives in the field.

During our sporting activities and inter-school competitions, 12 of our intellects proudly represented the school, and we are delighted to share that they all placed second.

Their courage, discipline, and teamwork remind us that winners never quit and quitters never win. We are truly proud of them.

Extracurricular Highlights

This term blossomed with colourful and meaningful experiences beyond the classroom. These activities are:

Armed Forces Celebration and Remembrance Day

Our intellects learnt about courage, sacrifice, and national service, appreciating the value of peace.

International Day of Education

We celebrated the beauty and power of learning and reminded our intellects that education is a light no one can put out.

Rainbow Day (Grade Intellectuals)

Our Grade intellectuals explored diversity, unity, and self-expression through vibrant activities. Beyond colours, they learnt that every individual is unique, valuable, and created with purpose. They also built creativity, confidence, and an appreciation for working together in harmony, just like the colours of a rainbow.

Green Day (Nursery Intellectuals)

Our Nursery intellectuals enjoyed engaging in nature-themed activities that introduced them to the beauty of the environment. They learnt simple lessons about caring for plants, staying healthy, and growing with patience. The day connected learning to real life while nurturing a sense of responsibility for the world around them.

Pyjamas Day (Nursery Intellectuals)

Our little ones came to school in their pyjamas and enjoyed a relaxed and joyful learning atmosphere. Beyond the fun, they learnt practical life skills and the Sunnah manners of sleeping, including cleanliness, bedtime routines, and simple supplications. It was a meaningful blend of comfort, fun, and value-based learning.

World Hijab Day

Our intellects engaged in thoughtful discussions and activities that deepened their understanding of modesty, identity, and respect. They learnt that the hijab represents dignity, obedience to Allah, and personal choice. The day also encouraged empathy, confidence, and mutual respect, helping to build a more inclusive and understanding school environment.

World Cancer Day

We shared simple but powerful lessons on empathy and compassion. Kindness costs nothing, but it means everything.

Ramadan Procession

With joy and reverence, our intellects welcomed Ramadan through songs, reminders, and reflections, preparing their hearts for worship and generosity.

Awareness Programme (Character Focus)

Every three weeks, we intentionally nurtured character, faith, and responsibility:

Safety and Protection Du'aa: Our intellects learnt daily supplications and understood that true safety comes from Allah.

Honouring Those Who Teach Us: They learnt to value and respect teachers, parents, and mentors.

Gratitude: They reflected on their blessings and embraced Alhamdulillah as a way of life, not just a phrase. Truly, gratitude turns what we have into enough.

Open Day

We held our Second Term Open Day on the 18th of February, 2026, and it was truly an awesome turnout. Thank you for showing up for your children. It means so much to them and to us.

We sincerely appreciate your kind words and positive remarks. Your feedback has not gone unnoticed. We are already addressing them and will continue to follow up where necessary. As for your recommendations, we have carefully noted them and will consider them as we continue to improve.

Project

We gave our intellects three project options to choose from, allowing them to take part in something that truly interested them. We also encouraged parents to let their children handle the projects themselves so they could gain a hands-on, practical understanding. We set a clear deadline to help them stay focused and organized. At the end, each intellect presented their project in class and confidently explained it during our class presentation. This helped to build their understanding, communication skills, and confidence.

Holiday Homework

We have given out holiday homework to all intellects. We kindly request your support in monitoring them to ensure they complete their work properly and understand what they are doing. Please also ensure that all books are handled with care to avoid damage or mutilation.

Extension Class

Our Grade Five intellects will remain actively engaged for a week during the holiday as part of their preparation for the upcoming National Common Entrance Examination. The extension classes will run from Tuesday 24, March to Thursday 2nd, April 2026. We kindly ask parents to ensure punctuality for both drop-off and pick-up. When we start and end on time, it helps our teachers and intellects stay organized, return home early, get enough rest, and come back refreshed for the next day.

Important Reminder

We kindly remind all parents that intellects should not bring phones and laptops to school. Any such device found will be seized. We also addressed habits such as lateness, inappropriate haircuts, and misplaced personal belongings. We encourage parents to continue guiding children on responsibility and proper conduct, because charity begins at home.

Challenges Encountered

- Every journey has its bumps. This term, we noticed:
- Occasional lateness from a few intellects
- Incomplete school materials
- The need for stronger reinforcement of discipline and routines at home

Despite these, we remain optimistic. After every storm comes calm, and with continued collaboration between school and home, we are confident that improvement will follow.

Resumption Date

School resumes for the Third Term on Monday, 20th April 2026, In Shaa Allah. We kindly encourage prompt resumption and readiness for another productive term.

Dates for Your Diary

Resumption	Monday, 20th April 2026

Second Continuous Assessment	1st to 3rd July 2026
Revision	6th to 7th July 2026
Examination	9th to 15th July 2026
Class Picnic	Wednesday, 22nd July 2026
Vacation and Graduation	24th and 25th July 2026

Appreciation

As the curtain falls on this term, we once again thank Allah for His protection, guidance, and countless blessings. We sincerely appreciate you, our wonderful parents, for walking this journey with us. When home and school move in the same direction, the child moves forward with confidence. We also warmly congratulate our families on the successful completion of Ramadan and the joyous celebration of Eid al-Fitr. May Allah accept every fast, every prayer, and every act of charity. May He fill your homes with peace, mirth, and barakah.

As our intellects begin their holiday, we pray that Allah grants them rest, safety, and renewed strength. May they return refreshed, inspired, and ready to soar even higher. We look forward to welcoming you all back for another impactful term, In Shaa Allah. Wishing you a peaceful, joyful, and blessed holiday.
